

# TONOPAH DAILY BONANZA

OFFICIAL PAPER OF NYE COUNTY.

Published every evening, Sunday excepted, by the Tonopah Bonanza Printing Co., Incorporated.

W. W. BOOTH, EDITOR AND MANAGER

MEMBER NEVADA PRESS ASSOCIATION.

Terms of Subscription by Mail for Daily Bonanza.		
One Year.....	\$12.00	Three Months.....\$3.00
Nine Months.....	9.00	One Month.....1.00
Six Months.....	6.00	One Week......30
Delivered by Carrier, \$1.25 Per Month.		

## \$10 REWARD.

A reward of \$10 will be paid for information that will lead to the arrest and conviction of parties stealing The Bonanza from subscribers.

## TO SUBSCRIBERS.

Parties who do not receive their papers, or who have any cause of complaint, will oblige The Bonanza by notifying this office.

All legal advertisements will be charged for at the rate of \$2.00 per square for the first insertion. There will be no exception to this rate. No affidavit of publication will be made until the advertisement is paid for.

No advertising cut, one inch square or smaller will be accepted unless made of metal. No wood base cuts this size will be used. Wood cuts are dangerous to forms and press.

Entered at the postoffice in Tonopah as second-class matter.

## Tactful Management of the Espee

When the United States supreme court decided that intrastate rates prescribed by the railroad commissioners of Arkansas, Missouri and Louisiana were right and just, inasmuch as they were not confiscatory, few persons suspected the far reaching effect of that ruling. The recent action of the Southern Pacific in bowing gracefully to an old, but disputed order of the Nevada state railroad commissioners, and granting a sweeping reduction in local rates cannot but be considered a direct sequel of the affirming of the supreme court of the principle of state's rights.

So far as Nevada is concerned it implies complete acquiescence in the ruling that inside rates must be reduced. The fact that the opinion of the highest court in the nation contained a rider to the effect that the order only applied where it did not interfere with interstate rates does not cut much figure for the saving effected is so great that shippers could easily afford to bill their shipments to some station just within the borders and then have the cars rebilled to destination.

By conceding the justice of the order of the state railroad commission the Southern Pacific exemplifies the new policy which has become one of the features of that system since the day when Judge Lovett took the helm and tried in every way to placate public animosity by introducing harmony between shipper and carrier. He has proved himself one of the greatest managers of the age and has done more to popularize an antagonistic corporation system than any one ever suspected could have been done within a single generation. He was quick to see the writing on the wall and to take advantage of the altered conditions without waiting another six months for the supreme court to pass on the case appealed from Nevada. This gracious policy is appreciated and the fact that Nevada will benefit to the extent of close to a million dollars per annum by the concession will not be forgotten in the distribution of favors. Now it becomes a matter of vital interest to discover if the revision of rates is going to give Tonopah consumers cheaper coal next winter.

No matter how the public looks at the subject the Nevada board of railroad commissioners deserve congratulations on the fact that their ruling was predicated on judicial foundation that would endure the test of the highest courts of the land. The cost of maintaining this bureau, aside from the fact of its supervision of public utilities, is repaid shippers of this state more than a thousand fold by this single decision. Not alone that but, by the new order of affairs, Reno, Winnemucca and Elko, Tonopah and Goldfield will not have to pay tribute to San Francisco through recognition of the infamous back haul clause. For Tonopah particularly it means that all mill supplies will be handled at a material saving and that thousands of dollars will be diverted from the coffers of the railroads to the treasuries of the mining companies.

## Newlands and Pittman

There has been considerable comment in the state over the contrary attitudes of Senators Newlands and Pittman on the tariff question. So far as the only issue between the two great political parties is concerned, Senator Newlands is a republican. For the past several years it has been obvious that he has not been in sympathy with his party and that by staying with it he is guided entirely by expediency.

On the other hand, Senator Pittman is a typical democrat, ready to be anything and do everything that may be necessary to control the spoils of office. He is a democrat first, last and all the time, without regard to principles. Should the democratic party tomorrow or a year from now declare for ultra protection, he would still be a democrat.

By his evidence before the senate committee which is investigating the lobby question, Senator Pittman shows himself to be very ignorant regarding the industries of the state he professes to represent, or else untruthful. For instance, he stated that there were only about 1,000,000 sheep in the entire state, while as a matter of fact there are half that number in Humboldt county alone.

It probably makes very little difference to Senator Pittman what is done in the way of tariff legislation by congress. He is evidently more interested in putting his colleague "in bad" with the administration and gaining complete control of the patronage of the state—Silver State.

Postmaster Burleson who was so quick to criticize his predecessor in office has the right to be downright proud of the celerity with which mail is handled in Nevada. Yesterday a number of residents of Tonopah received circulars from the state industrial commission bearing the postmark, "Carson City, June 16, 1913." Only nine days to cover 200 miles. How long would it take for a letter to reach New York under the same system? Or was Carson City indulging in one of its summer siestas?

Tonopah is going to have a drilling match open to the state and the narrow minded managers of the Goldfield affair are invited to come over and see what a liberal community can do when it is not hidebound by

the necessity for keeping money at home. Circulation must be very weak in the gold camp when it has to lug the money purse of \$500 so not a dollar of it would get away from the merchants of that camp.

Goldfield got a jealous fit when the ladies of this camp thought well to give the kiddies a treat on the glorious Fourth. The southern camp would like to have robbed the little folk of their pennies. When they heard that the children were not coming the Goldfield bunch tied strings to the drilling and baseball purses so no outsiders need apply.

"We'll wait another week if we can only get those pliers from Goldfield to face real drillers in this camp," shouted a miner last night at the meeting which decided to pull off a drilling contest not limited to Nye county.

## Interesting Sidelights

Advice to the best sugar lobby; "Beat it."—Tennessean.

In Texas the natives know when spring comes by the smell of the onion.—Omaha Bee.

The dove of peace has made her downy nest in Mr. Bryan's grape juice arbor.—Atlanta Constitution.

Yes, Clarence, James E. Martine (not Martini) is senior senator from New Jersey.—Pittsburg Gazette.

The "oatmeal trust" being sued does not include wild oats. Nobody

ever obtained a monopoly on that.—Tacoma Ledger.

The "insidious lobbyist" is running the "undesirable citizen" a tight race for first place in the white house folklore.—Omaha Bee.

This administration is full of surprises, the latest being Secretary Bryan's announcement that he is too busy to talk.—Philadelphia Press.

"Poetry is about the worst paid form of writing," according to a literary man. Frequently that is poetic justice.—Louisville Courier-Journal.

## GOV. ODDIE BUYING STOCK FOR THE PRISON FARM

Governor Oddie is out of the state and Lieutenant Governor Gilbert Ross is temporarily chief executive. He returned to Carson this morning, says the Gazette.

Governor Oddie is on an automobile trip with Prison Warden Dickerson for a few days. They have gone to California to look at some pure bred Durham beef cattle with a view of making a purchase for the prison farm. This is in line with the recently announced purpose of Warden Dickerson to bring the farm up to the point where its income will be sufficient to pay the expenses of the state's prison. The farm contains 1100 acres, and it is Warden Dickerson's intention to concentrate on the breeding of registered beef cattle and Percheron horses.

Proof of labor blanks for sale at the Bonanza.

In the Fifth Judicial District Court of the State of Nevada, in and for Nye County.

## SUMMONS.

James A. Buchanan, plaintiff, vs. Caroline L. Buchanan, Defendant. The State of Nevada Sends Greeting to Caroline L. Buchanan, Defendant. You are hereby required to appear in an action brought against you by the above named plaintiff in the above entitled court and to answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this summons, if served within this county; or, if served out of this county but within this district, within twenty days; otherwise within forty days; or judgment by default will be taken against you according to the prayer of said complaint.

Said action is brought to obtain a decree of absolute divorce by plaintiff from defendant, forever dissolving the bonds of matrimony now and heretofore existing between said plaintiff and defendant, on the grounds of extreme cruelty on the part of defendant towards plaintiff in falsely accusing plaintiff of improper conduct in regard to her services at hotels under assumed names, greatly to the humiliation of plaintiff; in refusing to cohabit with plaintiff; in refusing to allow plaintiff to see defendant and threatening plaintiff with arrest if he persisted; in telling plaintiff she had no love or affection for him and that she wanted a divorce from plaintiff so that she would be rid of him.

All of which more fully appears from plaintiff's complaint on file herewith, a certified copy of which is served herewith and to which you are expressly referred.

And you are hereby notified that if you fail to appear and answer as above required, the plaintiff will apply for the relief demanded to the court.

In witness whereof I have hereunto set my hand, at Tonopah, Nevada, this 20th day of May, 1913.

H. R. COOKE, Attorney for Plaintiff.

Rich Cinnabar is found in the Kawich country. Ore that is apparently rich in quicksilver and yields assays of from \$25 to \$50 per ton in gold has been discovered in the Kawich country, on the west side of the range, by Dick Goodwin, who has prospected for several years in that section, says the Tribune. The discovery is in practically a new district as most of the operations, including those of the Ka-

Alaska refrigerators, the best in the land, all sizes at less than factory cost. Tonopah Hardware Co. m171f

"The wagon that stands up like the reputation of its makers"

When you buy a Studebaker wagon you buy a wagon that will last until you turn the farm over to your son and he turns it over to his son.

One of the first Studebaker wagons ever made saw constant service for thirty years, and we will gladly send you the names of farmers who have in their possession wagons that have been in constant use anywhere from 17 to 43 years—and there are thousands of them. We are building the same kind of wagons today.

A Studebaker wagon is an investment that will give you full return for your outlay. It is built on honor. Iron, steel, wood, paint and varnish used in its construction are tested and retested to make sure each is the best.

For work, business or pleasure—for town or country use—there is a Studebaker vehicle to fit your requirements.

Farm wagons, dump carts, trucks, buggies, surreys, runabouts, pony carriages, business vehicles of every description—each harness of the same high standard.
